At all levels you'll participate in pair and group conversations to practise the language. Some homework may be suggested but will not be compulsory, although study between sessions is strongly recommended.

Learners whose progress is satisfactory may advance through each level. Tutors may advise those who have not yet met the stated course outcomes to repeat the course.

Which level is for you?

If you're not sure of your level, please contact the CEC office on 04 385 8919.

Introductory 1 - if you have no prior knowledge of the language.

Introductory 2 - if you've completed Introductory 1 recently or have equivalent knowledge, e.g. you may have picked up some "survival" language through travel.

Introductory 3 - if you've completed Introductory 2 or equivalent. This level assumes confidence in using basic spoken language, e.g. greetings, directions, use of numbers, shopping and ordering food and drink.

Introductory 4 - if you've completed Introductory 3 or equivalent.

Intermediate levels - if you've completed Introductory 4, or equivalent. These levels assume confidence in conversing in simple language in a range of everyday situations, as well as an understanding of basic grammatical structures.

Progresivo - if you've done up to Intermediate 2 or equivalent, have an understanding of more complex grammatical structures and can use these in spontaneous conversation.

Languages for Travellers - if you're intending to travel, or just want a taste of the language, these courses will help you understand others and make yourself understood at a basic level.

English Language (ESOL)

ESOL courses are subsidised by the Tertiary Education Commission for NZ citizens and residents and you must attend a minimum of 80% of the sessions. Some places may be available for non-residents but an additional fee will need to be paid. Please contact the CEC office for more information.

In ESOL courses you'll learn the English you need to live and work in New Zealand, communicate with New Zealanders and gain skills for work and further study.

Courses are offered at the following levels:

Level 1 (Beginners) - if you have little or no English.

Level 2 (Elementary) - if you can understand and use simple English in everyday situations.

Level 3 (Intermediate) - if you can usually understand native speakers and can make yourself understood in unfamiliar situations.

Level 4 (Upper Intermediate) - if you can speak with confidence and accuracy but want to develop fluency and use more idiomatic language.

Extension (Advanced) - if you're fluent in most contexts but need support in specific, more challenging areas.

If you're not sure of your level, please phone the CEC office on 04 385 8919.

Please note that you don't automatically progress through the levels. Your tutor will let you know when you're ready to move up.

Editing in Adobe Premiere - Advanced

Milan Maric

"We are going to fix it in post production". This sentence is frequently used by field crews when they are under time pressure or when they realise an apparent mistake. Skillful editing can indeed turn a project around with average source material, but that is not the answer. Proper pre-production provides the foundation for multiple editing options, and then the real magic can happen. So "we are not going to fix it in post production, we are going to make it better!" *Good computer skills required.* P

Editing in Adobe Premiere - Advanced

Milan Maric

"We are going to fix it in post production". This sentence is frequently used by field crews when they are under time pressure or when they realise an apparent mistake. Skillful editing can indeed turn a project around with average source material, but that is not the answer. Proper pre-production provides the foundation for multiple editing options, and then the real magic can happen. So "we are not going to fix it in post production, we are going to make it better!" *Good computer skills required.* P
